SEPA Environmental Event Report

Action SCC odour complaint to EPI inbox 09/05/2019 16:24hrs. details: . "Smells like a gas leak
Description 4 out 5 been to cold to open windows, when windows are open smell travels through. just been that last hour that its
got really bad. quite a few days during the week. Happened a few years ago and is as bad as it was then.
can smell the odour. lovely sunny evening"

Complaint not responded to at the time - think missed as did not go directly to officer to speak to went to EPI inbox. off
/ not in office returned 13/5/2019. 13/05/2019 14:37 emailed at 2 sisters to advise of odour complaint last
Thursday - Could they suggest what part of the process may produce an odour that could be reported as 'gas like'?
Anything else happening on site around this time which might give a clue as to odour source?. replied operations
were normal that day. said could be Keithick (the AD plant) or spreading. advised again if believes there is
an odour from the AD plant to contact P&K council environmental health and they will investigate that.

14/05/19 15:20 tried to call number given for - 'said number not recognised' searched
. Different number given- -

14:37 left voicemail with contact details if wished to call back.

NFA at present. SEPA did not substantiate an offensive odour. On-going work being done with site to address odour
issues.
